

## ABOUT ME

---

I am a versatile, motivated and hardworking fashion photography graduate, with a keen eye for detail and a commitment to exploring social and future technological changes. With a proven ability to successfully meet briefs to a professional standard and tight deadlines. I have strong communication, organisation and team working skills, and have a knowledge in a range of post production software, including Capture One and Adobe Creative Cloud. Additional volunteering and organisational experience has given me the essential understanding of working with clients, no matter of their understanding in the field of work.
